

If you think \$299.00 is too much to pay for a professional resume that will get you that interview much faster, please review the following:

Annual salary	Salary lost each week	20-week cost	4-week cost	2-week cost	1-week cost
\$35,000.00	\$673.00	\$13,460.00	\$2,692.00	\$1,346.00	\$673.00
\$50,000.00	\$962.00	\$19,240.00	\$3,848.00	\$1,924.00	\$962.00
\$75,000.00	\$1,442.00	\$28,840.00	\$5,768.00	\$2,884.00	\$1,442.00
\$100,00.00	\$1,923.00	\$38,460.00	\$7,692.00	\$3,846.00	\$1,923.00
\$150,000.00	\$2,885.00	\$57,700.00	\$11,540.00	\$5,770.00	\$2,885.00

It is evident that even if a professionally-written resume gets you to work one week sooner, you still save considerable money.

If your annual salary is \$50,000.00 and you have been applying for jobs for 20 weeks and have zero response and you hire us and we write a resume that gets you an interview in 2 weeks, the \$299.00 you paid us is the best money you will spend (your 20-week zero-response already lost you \$19,240.00 in lost wages. Our 2-week response will save you \$1,924 in further expenses (and a net of \$1,625.00 in your pocket!)

Or, you can keep on trying with that free resume template that you got off the Internet and the key words (that you think are correct) and maybe in another 20 weeks you will finally get the interview that gets you the job!!
